

At Last sung by Etta James, 1960

At last my love has come along

My _____

And _____

Oh yeah, yeah at last

The _____

My heart was wrapped up in clover

The _____

That I could speak to

A dream that _____

I found a thrill

To _____

A thrill that I have never known

Oh yeah yeah _____

Oh and then the spell was cast

And _____

For _____

JUMBLED LINES

over days are lonely

song is like a life

blue above are skies

you night I looked at

a I dream found

my I can own call

cheek my press to

smile smile you you ,

heaven here we are in

mine last are you at
